Rush Due \_\_\_\_\_ 3 \_\_\_\_\_

DAY SERVICE  
(M-F WORKING DAYS) 25

On a 1-10 scale we try and make all of our jobs at least a 9.5 or a perfect 10. And that sometimes requires the use of Acid Copper. If we have to use Acid Copper there is a 40% surcharge every time we use the Acid Copper to fill in pits. Normally 1 time will fix it but sometimes we have to use it up to 3 times on a badly pitted part. \$100 Min. per job.

**No Credit Cards. Only Money Orders and Cashiers Checks**

Special Note:

*CP*
